About me

I am Quaoar, a dwarf planet in the Kuiper Belt.
I have a moon. Its name is Weywot.

You may call me Quaoar or 6.

I am a member of the Lesser Nine.

What I'm working on

Orbiting the sun from 43.694 AU away and doing whatever else obscure dwarf planets nobody has ever heard of do.

A new threat is here: @-The_Purge-.

I must admit, I am quite thrilled with the creation of 3's vessel.

about 11 hours ago

50000-Quaoar

@136199-Eris I am still not sure who actually created their vessel, but I agree that this will likely get... interesting.

about 11 hours ago

136199-Eris

@50000-Quaoar Has anyone created 1 a vessel? @1-Pluto ?

about 11 hours ago

50000-Quaoar
